

A WAR IS FEARED BY METHODISTS

ACCORDINGLY THEY APPOINT
A SERGEANT-AT-ARMS.

Delegates Given a Lecture—Squabble Over the Committee on Constitution and to Simplify Collections—Saturday's Proceedings Marred By a Great Deal of Confusion.

Cleveland, May 3.—It was Bishop Foster's turn to preside Saturday morning at the general Methodist Episcopal conference. Dr. E. W. Parker of India opened the session with scriptural reading.

The presiding officer was forced to allude to the confusion and disorder which characterized yesterday's proceedings and suggested that the business be transacted in an orderly manner, adding that quiet could not be sustained without the co-operation of the delegates. He said delegates should give their name and conference before being recognized. Bishop Foster then gave a lecture on order and it was evident that he did not desire a repetition of yesterday's disorder.

Dr. Walsh of Kentucky introduced a resolution for the appointment of a sergeant-at-arms to maintain order in the rear of the auditorium. The resolution was amended to have the conference bear the expenses and was agreed to.

Rev. P. H. Swift of Chicago desired that a committee on Epworth League be appointed, to consist of one member from each annual conference. It was passed against opposition.

A committee on rules was appointed. Then Dr. Neely moved the appointment of a committee of eighteen on constitution, fifteen to be by districts and three at large. This is one of the greatest questions which will come before the conference, and the broaching of the matter caused a decided flurry. Amendments were offered. The first was for the committee to consist of two members from each district conference of the general conference.

Mr. Bentley of Missouri moved that the committee consist of nine, to be appointed by the bishops. This was violently opposed by L. M. Shaw of Des Moines.

A great deal of confusion prevailed, until finally Dr. Payne, of New York, moved to lay the motion for a committee of nine on the table, and it was promptly done. Dr. Teter shut off debate by moving the previous question, and the motion was carried.

Chaplain C. C. McCabe read a telegram stating that Dr. John M. Reed is at the point of death. The conference ordered a telegram of sympathy sent to Mrs. Reed.

Dr. Leroy M. Belt, of Ohio, brought up a measure of interest to the laymen on the floor. As the church stands at present nine separate collections are taken up each year for the benefit of certain benevolences. These are too frequent, think the laymen, and they also desire to consolidate some of the papers. Dr. Belt moved the appointment of a committee of laymen and clergymen from each district and three at large to consider the feasibility of simplifying the benevolences.

Dr. Smith moved that all papers and resolutions on this subject be referred to the regular committee on temporal economy.

Dr. Belt would not permit this, and Dr. Smith's motion was laid on the table. The first skirmish was won by the laymen.

Mr. Hynett wanted to add one clergyman and one layman from each society to the committee. Dr. Buckley opposed this and made a humorous and vigorous address. Dr. Hynett's amendment was laid on the table and Dr. Belt's motion was carried. All information on this subject was ordered referred to this committee.

Dr. Homer Eaton, of Troy, N. Y., presented a resolution providing for the appointment of a committee of five on memoirs of officers who have died in the last four years, and Dr. C. H. Payne, of New York, offered one authorizing the appointment of a committee of five on fraternal delegates. Both resolutions were adopted.

Bishop Warren, of Denver, then commenced reading the episcopal address. It was 10,000 words long, and was in the nature of a report on behalf of the board of bishops to the conference. It embodied an exhaustive review of the work of the conference during the last four years. Reports were given concerning the missionary work, Sunday-school, church extension, freedmen's aid bureau work and on the subject of discipline, and concluded as follows:

The world will come to see this when human thoughts grow large enough. Abhorrence of sin will be measured by the cost of redemption therefrom. Men will become great as they are holy, godlike as they labor for the wide interests. Then shall national diplomacies not pertain merely to little islands, but to universal brotherhood.

We shall cease to regard the gospel of Christ as a theory, a system of doctrine, a pardon once, a bestowal of joy, a means of getting to heaven, and regard it as Paul did, as a power—a power of self and work for others unto salvation, present and eternal. Then shall the church, redeemed, not by corruptible things as silver and gold, but by the

A FIGHT ON GOLD OVER IN RUSSIA

POSITION OF THE MINISTER
OF FINANCE UNDERMINED.

Mandatory Reform Is Now Highly Improbable. Although the Czar Favors the Gold Standard—Heir Presumptive to Austria's Throne Reported Dying—Foreign News.

Berlin, May 4.—The position of the Russian minister of finance has been undermined by the opponents of the gold standard. The establishment of a mandatory reform is now highly improbable, though the czar personally favors the gold standard.

Twenty-eight workmen were asphyxiated Friday at Castle Welda, near Carlsbad, Prussia. The unfortunate women had just arrived from their homes in Poland. The night was cold and they built a fire in a stove in the room in which they were to sleep. They did not understand the stove and the result was that in the morning they were all found dead.

UHL PRESENTS HIS CREDENTIALS.

Emperor William Gives First Audience to the Ambassador.

Berlin, May 4.—The emperor gave the first audience to Edwin F. Uhl, the new United States ambassador, appointed to succeed Theodore Runyon. The entire personnel of the United States embassy assembled in the Kaiserhof at Mr. Uhl's temporary home, at 2:30 o'clock. At 3 o'clock promptly Baron Uesedom, court chamberlain, whose function it is to introduce diplomats to the sovereign, called, with three court eunuchs. In the first of these rode Mr. J. B. Jackson, first secretary of the embassy, bearing the ambassador's letter of credence. In the second rode Mr. Uhl and Baron Uesedom. The third carriage was occupied by the suite of the embassy.

Arrived at the Schloss, Baron Uesedom ushered Mr. Uhl into the white salon. Only Baron Marshall von Bieberstein, the imperial minister of foreign affairs, was present beside the emperor and Mr. Uhl.

At the conclusion of an audience of twelve minutes Mr. Jackson and the suite of the embassy were admitted and shook hands with the emperor, who conversed pleasantly for a few minutes with all of them. He then led the way to a smaller room. Mr. Uhl was thereupon summoned to an adjoining salon, where the empress and the ladies of the court waited. Baron von Merbach, as the empress' court marshal, introduced Mr. Uhl and suite.

RETAINS GRAND VIZIER SAUD AZAM

Murderer of the Shah Implicates Jem Aladdin and Others.

London, May 4.—The Times has a dispatch from Tehran which says: "Muzafer-ed Din has confirmed the present grand vizier, the Sadr Azam, with full powers."

"Arrests have been made in connection with the assassination of the shah. The murderer states that he is an emissary of Jem Aladdin and other well-known persons. It was intended to murder both the shah and the grand vizier."

THE NEWS OF THE MURDER LED TO DISORDERS AND THE LOOTING OF BAZAARS AT CHIRA.

The governor took prompt measures to pay arrears of salary to the troops, and to assure the people. Quiet is now restored.

"The shah has confirmed his eldest brother, Zil Es Sultan, as governor of Ispahan. The latter was given assurances of his loyalty to the public security."

Drops from Third Story Window.

St. Louis, Mo., May 4.—In a drunken delirium Samuel Bissell, aged 28 years, traveling salesman for the H. B. Claffin Dry Goods Company of New York, climbed out of a third-story window of the Planters' hotel, momentarily swung by his hands from the easing and then dropped. The window overlooked an asphalt-paved alley. Bissell struck the hard pavement standing erect, but went over like a shot. The force burst his shoes, broke one leg, fractured his skull and injured him internally. He is still alive, but cannot live many hours.

French Elections Pass Off Quietly.

Paris, May 5.—The French municipal elections today passed off quietly. The new Paris council will be almost identical with the last one. The returns from the provinces are still incomplete. There were slight disturbances, accompanied by the burning of the ballot boxes at Besieres.

WASHINGTON NEWS IN A LINE OR TWO

WHAT CONGRESS WILL FIND
TO DO THIS WEEK.

Attempt May Be Made in the Senate to Defeat Rivers and Harbors Bill—Army of the Tennessee Working for a Monument for Gen. Grant.

Washington, May 4.—The senate program for next week is first to take up the rivers and harbors bill, and when that is disposed of to follow with the bill making appropriations for the district of Columbia. Opinions differ very widely as to the time the rivers and harbors bill will consume, but no estimates place it at less than two or three days. Whether it shall go on longer will depend upon the political temper of the senate. If, as is not improbable, something should be said to open up a political debate similar to that of last week, there is no telling to what length the discussion may be drawn out. The managers will make a strenuous effort to keep politics and several financial questions in the background and to hold the discussion down to the merits of the bill. This may be accomplished by a promise of an opportunity to discuss the Peffer bond resolution or some other political question before final adjournment.

The principal subject of debate in connection with the bill itself is the amendment suggested by the committee on commerce providing for the expenditure of \$2,000,000 for the improvement of the harbor at Santa Monica, Cal. Senator White of that state will offer an amendment, making the appropriation dependent upon the recommendation of a committee of engineers, which he will propose, and in case this amendment is lost he will make an effort to defeat the entire proposition. He will be supported by five or six members of the committee on commerce, especially by Senator Berry. They will make an effort to show that the appropriation has been provided for at the instance of the Southern Pacific railroad, and it is not improbable that there may be a foretaste of the Pacific railroads discussion in this connection.

There will be an effort during the week on the part of the republican senators to agree upon an order of business for the remainder of the session. The program for the week in the house is unsettled. Nothing definite has been agreed upon, except that the Pacific railroads funding bill, in behalf of which there has been much pressure, will not come up. Mr. Bartholdt, chairman of the committee on immigration, desires to get up the immigration bill the latter part of the week, but it is doubtful whether he will be able to do so. In case any conference reports on appropriation bills are presented, they will have the right of way.

There are six contested election cases on the calendar, and, as they are privileged, it is probable that most of the week will be occupied in their consideration. The house has already disposed of the nineteen cases, thirteen in favor of sitting members, and six against. The unseated democrats were Robbins of Alabama, McGann of Illinois, Cobb of Alabama, Tarnsey of Missouri, Boatner of Louisiana, and McKinney of Virginia. The cases on the calendar are Johnson vs. Stokes, from the Seventh South Carolina, Murray vs. Elliott, from the First South Carolina, Rinaker vs. Downing, from the Sixteenth Illinois, Cornett vs. Swanson, from the Fifth Virginia, and Hoge vs. Otey, from the Sixth Virginia. The reports in the two latter cases in favor of the sitting members and will occasion no debate. In the Johnson-Stokes case, the majority report favors the sitting member, but there is a minority report in favor of the contestant. In the Murray-Elliott, and Rinaker-Downing cases, the majority reports favor the contestants. These will be the cases in which findings of the committee will be resisted by the democrats. W. Murray is a colored man, and was given a seat by the Fifty-first house after a contest. Tomorrow will be suspension day.

OUR RELATIONS WITH CHINA.

Minister to Peking Gives State Department Credit for the Present Condition.

Washington, May 4.—The forthcoming volume on foreign relations for the last year deals in large part with the correspondence over the late missionary riots in China. Mr. Denby, our minister to Peking, gives the state department full credit for having broken through Chinese obstinacy, and for having instituted an era in the treatment of foreigners in that country.

Mr. Adee, who acted as secretary of state during the progress of the rioting and was in daily cable connection with Minister Denby, is also shown as possessed of the utmost energy and determination in the effort to protect the Americans in China.

Monument to Gen. Grant.

Washington, May 4.—Congressmen view with approval the proposition to erect a memorial to Gen. Grant at the capital of the nation, and one of the foremost in promoting this object is Representative Hepburn of Iowa. "I hope to get a favorable report from the military affairs committee," said Mr. Hepburn, "on the bill which I have introduced appropriating a quarter of a million dollars for this purpose. There is no question about the appropriateness of providing a statue of Gen. Grant at Washington, and as a member of the committee appointed by the Army of the Tennessee on this project my hearty co-operation can be relied on to accomplish such a desirable object."

Representative Curtis of New York, who is a member of the military affairs committee, said: "A memorial statue of Grant should be provided in Washington."

HOLMES IN FEAR OF DEATH.

Condemned Monster Is Haggard as the End Draws Near.

Philadelphia, Pa., May 4.—Alone in his cell, surrounded by a mass of Sunday newspapers, without a single visitor to vary the monotony of the day, H. H. Holmes, the condemned murderer of one man and the suspected murderer of a score, spent his last Sunday on earth in his cell in Moyamensing prison. Even his spiritual adviser, Father Daily, was too busy to spend even a moment with him today. Beginning tomorrow he will spend an hour or two every day with the condemned man until the culmination on Thursday.

Although Holmes has apparently resigned himself to his fate, the prison officials are carefully watching to prevent him from cheating the gallows. The death watch is on. All day yesterday a watchman stood or sat within six feet of the cell watching the murderer's movements and curiously speculating on his condition of mind. Three times a day the cell is thoroughly searched to prevent any possible smuggling in or any poison or instrument or to break up any preparations that Holmes might make for his own destruction. By day and night the watchman is always there, and whenever Holmes looks toward the door he sees the groomsman reminder of his doom. All this has apparently no effect on the condemned man.

DENOUNCES BOOTH.

Rev. N. E. Wood of Boston Calls It Despotism and Its Leader a Despot.

Boston, Mass., May 4.—Rev. Nathan E. Wood, pastor of the First Baptist church, today announced that he had severed his connection with the auxiliary league of the Salvation Army. He has been one of the leading members and has done considerable in helping to secure a large number of wealthy people as subscribers. Mr. Wood said: "Since this trouble has occurred in the Booth family I have looked into the methods of the Salvation Army and I have become convinced, after a careful study, that the Salvation Army, with General Booth at its head, is a military despotism and that he is more despotic than the pope of Rome."

Indiana Stationary Engineers Organize.

Terre Haute, Ind., May 4.—A state association of stationary engineers has been organized here. It is the intention to establish state organizations throughout the country before the meeting of the national convention in the fall at Buffalo. One of the objects of the organization is to secure legislation requiring stationary engineers to be licensed and boilers to be regularly inspected. The state officers are: President, B. N. Grosvenor; vice-president, Samuel Williamson; secretary, Thatcher A. Parker; treasurer, J. S. Walton.

James Ryan Whips Edwards.

Savanna, Ill., May 4.—James Ryan of this city and Billy Edwards of Mount Carroll fought to a finish on grounds near this city for \$100 a side Sunday evening. Both men stepped into the ring in prime condition. Ryan clearly showed his superiority from the start. After the first round it was evident that he would win. Edwards soon showed that he lacked wind, but stood up well. At the end of the fifteenth round he failed to come to time, and his seconds announced that he had a broken knuckle. The fight was awarded Ryan. This is the second victory won by Ryan against Edwards. No effort was made by the authorities to prevent the match, though they threatened to take action.

Stanford Request Paid.

San Francisco, Cal., May 4.—After three years' litigation over the estate of the late Senator Stanford Mrs. Stanford has at last been able to pay the bequest of \$2,500,000 which the senator left to Leland Stanford, Jr., university. This payment means an assured income to the great institution, no matter what may happen to any person or persons, and this assured income implies an end to the financial stress that has been more serious than any one not admitted to the inner history of the Stanford estate knows. The bond transferred to the university draws interest at the rate of \$10,000 a month.

New York Saloons Closed.

New York, May 4.—There appeared to be little change in the situation relative to the enforcement of the Raines liquor-tax law today, the first Sunday under the state board. The saloons throughout the city were closed, such business as was being done in the direction of selling liquor being monopolized by those places which hold hotel licenses.

James Beals Shoots His Wife.

Ironton, O., May 4.—James Beals, a stove molder, shot and fatally wounded his wife today. The couple had been out walking and immediately upon their return home Beals drew a revolver and fired four shots at his wife, three of them taking effect.

NINE HUNDRED OUT AT THE CREAM CITY

STREET CAR MEN STRUCK
THIS MORNING.

Officials Are Running a Few Cars, and Mobs Hoot and Jeer Them as They Go By—Engineers Remain at Their Posts—Police in Reserve.

Milwaukee, Wis., May 4.—[Special] The battle is on. Nine hundred street car men struck this morning, and the situation at noon was about the same as when the trouble began at 4 o'clock a. m. A few cars are being run by the officials of the road. The engineers at the power house did not go out as was expected, and the strikers are quiet, although the mobs hoot and jeer at the officials who are running the cars. Serious trouble is expected tonight. The bus lines are doing a big business in consequence of the trouble. A large force of police is being held in reserve, and bloodshed is feared before the trouble is ended.

The company has a large number of new men employed, who will live in the car barns under police protection.

Fatal Accident at Grantsburg.

Grantsburg, Wis., May 4.—[Special] Henry Johnson was caught in a circular saw here this morning and before he could be rescued his right arm had been torn from his body. He died soon after in fearful agony.

BENDY LYNCHED IN TEXAS.

Mob Captures Him and Hangs Him to a Convenient Tree.

Beaumont, Texas, May 4.—Judge Lynch has cut short the career of Will Bendy. Excitement was intense throughout the southern part of Jasper county. Saturday evening the last report came in that a strong posse had Bendy surrounded in the thicket about half a mile from Buna and that he was almost sure to be captured.

Sunday morning early a message was received that Bendy had left the thicket and had sought refuge in the home of his brother-in-law, and there the determined party found him. He was not quick enough in yielding, when a shot rang out. This was at 3 o'clock Sunday morning. The shot wounded him and he began running. When about fifty yards away he gave in and was led by the crowd to the old Orange and Jasper dirt road. Here a suitable tree was found and the rope quickly adjusted that swung him up. His body was riddled with bullets and left hanging.

Constable Bibbo, E. B. Rone and Roxy Wall, the last two colored, are still alive, though suffering severely from the wounds of Bendy. Phillip Haines was interred Sunday.

GIVEN MORPHINE FOR QUININE.

Mistake That Causes the Death of Oscar Brinn, a Five-Year-Old Boy.

Anna, Ill., May 4.—Oscar Brinn, a 5-year-old boy, living with his parents near here, died Sunday morning from the effects of an overdose of morphine, administered by his mother. The boy had been ill for several days, and yesterday the parents sent to one of the drug stores in this city for some quinine. What is called an original package of quinine, wrapped in a blue paper, was secured. It was properly labeled on the wrapper. A mistake had been made evidently by the packers, and instead of quinine the bottle inside of the wrapper contained morphine. The bottle was properly labeled and had a poison label besides, but the parents could not read and gave the morphine, supposing it to be quinine. The coroner's jury attaches the blame to the manufacturers of the drug.

Niagara Fisherman in the Rapids.

Niagara Falls, N. Y., May 4.—In the presence of between 2,000 and 3,000 people F. C. Heine, a fisherman of this city, this afternoon made the perilous trip through the rapids above the American falls down to within a few feet of Goat island in an ordinary flat-bottomed boat. The floating ice in the river made the voyage more than usually dangerous. Anthony Waller, in an endeavor to make the same trip three years ago, lost his life by being swept over the falls.

May Have Perished at Cripple Creek.

Cripple Creek, Colo., May 4.—It is stated that a traveling man, supposed to represent the Standard Shoe company, of Cincinnati, who was stopping at the Portland hotel, was seen to enter his room in an inebriated condition half an hour before the fire started, and has not been seen since. Two sample trunks marked "S. S. Company, Cincinnati," saved from the building have not been claimed. The ruins will be searched Monday.

WORLDLY SIN IS A UNIVERSAL FACT

REV. R. K. MANATON ADVISES WALKING WITH GOD.

When You Go to Sunday Ball Games or on Sabbath Day Excursions, However, He Will Not Be With You—Sermons Heard in Other Churches:

Rev. H. K. Manaton, of the First M. E. church, spoke in the morning on "Christ's Relation to the Sins of the Race." His text may be found in Isa 53-6.

The speaker said that sin is a universal fact. It is felt everywhere and all lives are effected by it. It was not in God's plan, yet he would save us from our sins and through his mercy we may be redeemed by Jesus Christ. The salvation is not intended for our acceptance in the years to come, but is for the present. It will wash the stain from the heart of man, and will make us right with God, conscience and our past record.

In the evening his subject was "The Secret of a Great Life;" his text Psalm 16-8.

"What is the source of your strength? Upon what do you rely?" he asked. His answer was his text: "I have set the Lord always before me; because he is my right hand. I shall not be moved." What made all the great men great? What made David great? He was given to thinking and he walked with God. He has done much to keep others inspired through all ages. With him God was first. Isaiah was grander than many of the old master writers. He always kept the Lord before him. Paul gave up all to God and God sent him to preach to the world.

"In my childhood," said the speaker "I used to wonder how the bee could so perfectly do its work. The secret is, God has stamped the pattern on its eye. Paul was like the bee, he always had Christ imprinted on his eye and mind. When 'Chinese' Gordon was in the Sudan he ever kept the Lord before him. When his men saw a white handkerchief outside his tent they never disturbed him for they knew he was communing with the Lord. The man who resolves to ever keep God before him, God will not allow to fail. Enoch was a great man and Enoch walked with God. Suppose Enoch had walked with God for fifty years then became discontented, wishing to partake more in the pleasures of the world. God would say to him 'go, but I cannot be with you in it.' Enoch would have turned from the world to God and enjoyed God's companionship for another number of years. When he would think that he would enjoy an excursion up the river on Sunday, or a game of base ball, again God would tell him 'I cannot be with you in it.' He thus again remains true to God. When he sees the fashionable christians at their game of progressive euchre, he thinks the world is progressing and he will have a game. God again tells him he will have no hand in it, and at the first class theater he might see every one but God. So Enoch continues to walk with God, proving himself a great man. Enoch walked with God, and was not, for God took him.

"Oh! Young christians: If you could only comprehend the grandeur in christian life you would keep near to God and live above the world. Keep the Lord ever before you!"

AT THE CONGREGATIONAL CHURCH

Rev. W. H. Millard of New London Preaches—Other Church Notices

Rev. W. H. Millard of New London, occupied the Congregational pulpit yesterday. His morning sermon was a clear exposition of the doctrine that faith, without works, is dead. He held faith to be the resting of the soul upon the veracity of God. He reconciled the Pauline theology of faith with the James idea of work.

In the evening he gave a fine discourse on the "Standards of Success." Many a man judged by the world's standard a success, was set down by God as a miserable failure. To achieve true success one must be moved by a high moral purpose. The possession of this was the reason why Washington was a glorious success as a

Saturday afternoon the Thoughtful Circle of King's Daughters will receive in the church parlors all babies under three years of age and their mothers. Any lady attending unattended by a baby will be fined ten cents.

The Christian Endeavor meeting was largely attended and led by W. S. Jeffia who urged all present to show the joy and happiness of the true christian in their lives and faces.

Monday evening in the church parlor, the business meeting will be held. All chairmen of committees will be present with written reports of work done.

WHAT THE BAPTISTS HEARD.

Two interesting sermons by Dr. Hodge—Coming Events.

Rev. Dr. M. G. Hodge's text at the Baptist church yesterday morning, was:

"That ye should show forth the praises of Him who hath called you out of darkness into His marvellous light,"—1 Peter 2:9.

He said the testimonies of christians—his personal experience—had much value in the praise of God, but they should act as well as speak His praise. It requires earnestness to bring others to a saving knowledge of His power. Song also takes an important part in the praise, he held.

"How Ought We to Treat Those Who Are Not Our Favorites?" was the subject discussed at the evening service. Briefly the pastor's directions were to avoid capricious dislike of persons.

"Do not condemn any person for some reason for which he is not responsible. Where civility pulls the bell rope, civility will answer the door," he said "In our treatment of men we are liable to be met with the same manner that we exhibit. All souls are dear to God. The man whom you slight on the street is one whom Jesus loves. Help the less favored of your associates and leads them to Christ."

Rev. E. H. Baker, the London evangelist, will preach and Prof. Anderson, of the Moody Institute will sing at the Baptist church Thursday evening.

An association union of the Baptist young people will be held Friday afternoon and evening. There will be a business session in the afternoon followed by addresses in the evening.

TROUBLE IN ETHICAL SOCIETY.

Split in Milwaukee Organization Over the Engagement of Lecturer.

There is trouble in the Milwaukee Ethical society over the reengagement of Lecturer M. M. Bostwick. In consequence, five of the directors of the society, constituting a majority of the board, resigned at a special meeting held Saturday evening. There was quite a difference of opinion among the members of the society over the engagement of Mr. Bostwick for another year. Those opposed to his engagement for another term took the ground that he had been engaged when the society was in the nature of an experiment, and while he had filled the position very well, he was not the kind of a man the society needed now that it had gone beyond the experimental stage. But Mr. Bostwick had the support of President Paine and Secretary Whitnall, who have been the principal backers of the society financially, and he was reengaged. These officials believed that the society was not yet in a condition to engage a lecturer at a big salary, which was the plan of the opponents to Mr. Bostwick. The directors who tendered their resignations Saturday were Bernard Goldsmith, Samuel Rosendale, Henry Campbell, C. G. Stern, and Miss Julia Kaufer. It is expected that the vacancies thus made will be filled at a meeting to be held tonight.

PAYS ALL ITS OWN EXPENSES

The County Asylum and Almshouse Self-Sustaining

Trustee S. T. Merrill told a Beloit Free Press man that the county asylum and almshouse now shelters 200 inmates, of whom five are idiots, and epileptics, 105 insane belonging to Rock county and chargeable to the state at \$1.50 a week per capita, and 44 from outside the county as boarders for whom the state pays \$3 a week. The population of the almshouse varies from 40 to 50 and is a dead weight upon the county. Notwithstanding, the income from board of private patients and from the sale of products of the farm is sufficient, barring interest and small costs of permanent improvements, to defray all expenses of both institutions.

TWO SHOWS START FROM EVANSVILLE

GEORGE HALL, JR., OPENED ON SATURDAY.

His Circus Will Travel By Wagon While the Hall & McMillan Combinations Will Go By Rail—Pacific Coast the Latter's Destination—Other "New City" Notes.

Evansville, May 4.—Evansville will see two circuses this season. George Hall, Junior, started out Saturday, opening here. There was a fair sized crowd at each performance, and all seemed pleased, stating that it was a good show for the money. Mr. Hall is a son of Colonel George Hall. His show will travel by wagon, and the next stand is at Oregon, Wis. The Hall & McMillan show, in which Colonel Hall himself is the moving spirit, will play here three days before taking to the road. The show will be moved by rail, and the first stand after leaving Evansville will probably be at Harvard. Colonel Hall calculates to go through to the Pacific coast, unless his present plans are changed. The Andrews Opera company will be here May 8, and it is spoken of very highly, having been seen in various places by several of our citizens. Henry L. Austin was in attendance at the probate court in Chicago last week. Mrs. Frank Bidwell moved to Belvidere, Ill., the last of the week, her husband having been employed in that city for some time. Mr. and Mrs. Ernest Hubbard have been rejoicing over a little daughter since Thursday. Mrs. Lewis Spencer, Sr., received word Thursday of the severe illness of a brother-in-law, at Union City, Pa. She left the following morning for that place. Harry Tripple and Miss Rachel Yates, of Lake View, recently visited at the home of W. D. Wilder. Mrs. Louis Graves is now living in the Pettigrew house, on West Church street, having moved from Mrs. Knight's. Mat. Ellis has moved into the Ulrich residence on Liberty street. Mr. and Mrs. M. V. Pratt, who went to Portland, Oregon, about two years ago, but who have been spending the winter in Los Angeles, Cal., are expected back here this week, to make it their home. They will be welcomed by their many old friends. Cornelius McCready and Miss Musie Persons, of Monticello, spent the latter part of the week with Mr. and Mrs. Bert Morgan. Miss Mabel Woodbury, of Janesville, returned on Thursday evening. While here, she was the guest of Miss Helen Brooks. Mrs. Rev. G. W. White is entertaining her father, A. L. BEAUTIFY HOMES WITH ROSES.

Timely Suggestions for Janesville People—Soil Planting, Pruning and Watering.

Della F. Smith sends The Gazette these hints on rose culture:

Be careful to select for your roses a location that will afford morning sunshine; if possible, let the broad side of the bed be toward the sun. Remove all sod, and, in case the soil is good enough for a fine crop of corn or potatoes, simply spade in an abundance of thoroughly rotted manure. With only sand and gravel it is useless to expect that any crop will thrive, or even live. With plenty of room allowed for whatever you wish to plant, allow one square yard for each rose-bush, remove all sand and gravel to the depth of three feet. Next, fill in with one foot of the hardest cellar clay. Stir in sufficient water to make a mixture as stiff and smooth as heavy pudding. Let this dry, making a stratum smooth, thick and solid, through which no moisture nor fertilizer can pass. If our location be an especially dry one, next add fine pieces of charcoal, as this retains moisture. Now put in rich loam, and in this carefully plant the roots, first removing with a sharp knife, any bruised portions. Above the topmost roots fill in with a mixture of three or four inches of clay and loam, about half and half, planting at the same time a tin can near the base of each shrub. Prepare your cans by punching a half dozen tiny holes in one side, next to the bottom. Set in the ground to the depth of one and one-half to two inches, turning the holes toward the base of the plant. Two or three evenings a week, if the weather be dry, fill these cans with water warmed in the sun, thus watering, not the surface of the ground, but the root of the plant. Care should be taken not to cause decay by too frequent watering, or to chill any kind of shrubbery by turning on it the cold water from the hydrant. Unless you would blight your roses, do not spray the buds when opening.

The rose bug and kindred pests may be effectually vanquished by kerosene emulsion. Dissolve one-fourth pound of hard soap in two quarts boiling water; add one pint kerosene oil and stir vigorously for five minutes, or until the ingredients are thoroughly mixed. To each pint of this mixture add one quart of water. Sprinkle in the plants with a small white broom, repeating as often as necessary.

Before planting your roses do not fail to cut away from one-half to two-thirds of every stalk, pruning the smaller, weaker growing roses with special severity. Remember some of the weaker growing roses produce the finest blossoms.

After the first season, when the roses are through with their June blooming, cut back the new shoots, that you may get better fall blossoms. Roses blossom best on new wood.

Before covering for winter it is well to prune as severely as spring needs may require. DELLA F. SMITH.

WARDE IS A STUDENT ACTOR.

He is a Tireless Worker and Labors to Succeed.

Of all the players to make a tour of this country once a year none have a greater or more loyal following than the tireless student and accomplished actor, Frederick Warde. His prominence as an artist and an educator is due to the fact that he is a student, an originator and true interpreter, while others are players only, more numerous, who hardly do more than speak the lines. Warde studies and thinks, and more than that he gives the public the benefit of his thoughts and deductions—he lectures. Where is the Shakespearean student and scholar who has heard him who cannot say, "I have learned something?" Certainly there are none, at least among those who have any intelligence at all. And when these things are all summed up it must be said that Mr. Warde is more than a great actor—he is a great man. His engagement this week is notable for many reasons, chiefly amongst which is the production of Shakespeare's majestic tragedy, "King Lear." The critics universally commend this as one of his greatest triumphs. In all the range of Shakespearean characters there is certainly no more difficult role, and it is for that reason we have seen so very little of it. There are and have been few actors who have dared to attempt the part because they felt their absolute inequality to its demands. That Mr. Warde has done so and achieved a success is an additional proof of his superior ability. The scenic production of this play is said to equal the acting in its merits.

THE LINE CITY PLAYERS WON.

Beloit College Defeated the University Team By Hard Work.

Beloit College defeated the State University in a magnificent exhibition of ball playing Saturday. The whole town turned out and the college and the university colors were displayed on every hand. The game was fascinatingly close throughout and was generally well played, although there was little brilliant work done. It was good steady ball most of the time. In the third inning Coach Hollister, who was pitching for Beloit college, collided with Catcher Mc Masters and was obliged to retire to the field. This put Kinsley in the box for Beloit. The score:

A ROW ON SNIPE HILL

Mrs. Arquette Says John Beat Her—

Maud Stamper Fined—

Small Suits.

If what Mrs. John Arquette says is true, her husband will "get something done to him." Mr. and Mrs. Arquette dwell high unto Snipe hill, but not wholly in harmony. They had a disagreement the other day, in the course of which, Mrs. Arquette alleges, her liege lord committed the well known misdemeanor described as assault and battery, with force of arms, etc. Mrs. Arquette then hied herself to the municipal court and "told on him," and the result was the issuing of a warrant for his arrest. J. L. Mahoney appeared for her when the case came before Judge Phelps this morning, and a goodly audience of Hillites were present in court, but by consent of the parties the matter was deferred until May 7, at 9 o'clock in the forenoon, when the trouble will be adjudicated. In the meantime Mr. Arquette was left in the custody of the arresting officer.

Colored Girl Fined.

Snipe Hill was much in evidence in the municipal court this morning.

Not only was the difficulty between Mr. and Mrs. Arquette on the scales, but a wayward lass of color was also a defendant. She was Miss Maud Stamper and the allegation was that she was the proprietress of a fluent and flexible vocabulary. A neighbor charged that the language Maud used on a certain occasion was totally unfit for publication and of a nature calculated to help along the process of curing trips if confined in a barrel therewith. Maud denied the charge but evidence was against her and she was found guilty. Judge Phelps convicted her and imposed a fine of \$2 and costs, the same to be worked out in jail at the rate of \$1 per day if not paid.

Sheep Case Is Dead

The case of Robert McKay against Joseph Litney was non-suited in Justice Prichard's court this morning.

Both parties reside in the town of Fulton, and owned a number of hogs and sheep together. When it came time to divide up McKay thought he got the worst of it, but Justice Prichard decided he had no case.

Dr. Bedford Wins

Dr. G. H. Bedford was awarded judgment in Justice Richardson's court today against Livyerman H. S. Ames. Dr. Bedford brought suit against Mr. Ames to collect a bill of \$5, which was in dispute, and Justice Richardson held that Bedford's claim was a legal one.

TO PUT IN NEW POLES

Quite Extensive Improvements on the Street Car Line

Are Ordered.

Superintendent Cummings of the Street Railway Co. received a letter from George W. Blabon this morning, instructing him to go ahead with improvements, the order being the result of Lester Blabon's visit to this city. The first move for the betterment of the road will be the replacing of poles through the business portion of the city, the work to be commenced in a few days. The poles now in use are much too small. They will be replaced with 30 foot stumps of standard railroad size. Other improvements will also be made and on all curves the line will be strengthened.

MISS CHARLTON ENTERTAINS.

Gave a Pleasant Party to a Number of Young Friends.

It was a merry gathering of little folks that assembled this afternoon at the South High street residence of Mr. and Mrs. George Charlton. The event was a birthday party given in honor of their daughter, Miss Mabel, it being her ninth anniversary. Refreshments were served, and the afternoon was a pleasant one for all.

SEEMS as if all the things we like disagree with us, and all the things we don't like, agree with us. Dyspepsia lurks in most of the good things we eat, and indigestion follows the gratification of appetite. Of course, it isn't Nature's fault. Nature does the best she can, and if a man will only help her a little bit at the right time, he may eat what he likes and as much as he likes. Dr. Pierce's Pleasant Pellets are for people who are troubled with indigestion. Particularly for those in whom it manifests itself in the form of constipation. The "Pellets" are quick and easy in their action. They are in perfect harmony with Nature. They effect a permanent cure. You need take them regularly only a little while. After that, use them occasionally when you need them—when you have eaten something that disagrees with you. They may be taken just as freely as you would take water or any other necessity of life. Once used they are always in favor.

ROBBED THE TABLE OF SILVERWARE

PATRICK DORSEY SPOILS THE
INGERSOLL DINNER.

Jeffris Flat Visited By a Day-Light Thief Who Does His Best to Make Away With the Family Table Service—Arrest Followed By Confession.

Patrick Dorsey's discriminating taste in silverware landed him in jail this afternoon, after he had robbed A. J. Ingersoll of forty dollars' worth of plate.

Mr. and Mrs. Ingersoll live in the Jeffris flats, corner of Dodge and South High streets. Mrs. Ingersoll went to her room for a moment this noon, leaving the table set for dinner. Mr. Ingersoll was out of town. Ten minutes later Mrs. Ingersoll returned, to find her table deserted of silver. Knives, forks, spoons and nut picks were gone, the loss representing about forty dollars.

She notified B. L. Morgan, who lives next door, of the theft, and Mr. Morgan started out to investigate. He found that Dorsey had asked for something to eat at the back door of the Grand Hotel, and had been driven away. While looking for Dorsey Mr. Morgan met Officer Hogan, and they went in one direction while Chief Acheson was looking in another. Officer Hogan located Dorsey in James Ryan's saloon, and took him to jail, where he admitted his guilt, and told where the stolen silverware was hidden, behind Ryan's place.

The Ingersolls recovered their silverware, and for the pleasure of carrying it three blocks, Dorsey may serve time in Waupun.

Dorsey has lived here many years. He was once a railroad engineer, but lost his position through drink. He now works mostly as a laborer.

KICKED BY A HORSE

Walter S. Rice Knocked Senseless Yesterday—William Stone Stricken in Church.

Walter S. Rice, the well known milk dealer, was painfully hurt by being kicked by a horse yesterday afternoon. The accident took place at 5 o'clock, on Highland avenue. While leading one of his horses home from water, the animal reared up and struck Mr. Rice a stunning blow under the right eye, rendering him unconscious. Neighbors who witnessed the accident carried him into the house, and Dr. E. Loomis was called. Although no bones were broken, the injury is a painful one.

William Stone, who pumps the organ of the Presbyterian church, was taken with a fit during the services Sunday morning. He was carried to the open air and later the ambulance was called to take him to his home on Jackson street.

To Skeptics...

You have a right to disbelieve us if you are a stranger to our clothing. When we claim that our clothes are as good in material, as good in tailoring, and as good fitting clothes as your tailor can produce, you have a right to doubt. But have you a right to deny the facts until you are able to disprove them? Maybe you are basing your doubts on the way ready-to-wear clothes were made ten or a dozen years ago. If that's the case we can certainly open your eyes if you'll take the trouble to investigate our argument. There's been a mighty change wrought in some makes of ready-to-wear clothing within the past ten years, and the makes we handle have been the chief improvers.
